SMALL EVENTS AND LIVE MUSIC AT 31ST STREET STAGE / PARK (KING NEPTUNE'S PARK)

These are smaller events and live music events that sometimes occur several times a week. They are a great draw for visitors that want to get out and relax but not be overwhelmed by the amount of visitors that a major event will bring.

Besides the big events listed above, the 31st Street Park also has a small gazebo that performs nightly music throughout the week. It's a great place to stop and listen on your way down the boardwalk!

For more oceanfront live music stages please also see our [34th Street Stage](#) and [7th Street Stage](#) small music venues.

INFORMATION PHOTOS

31st Street Stage is commonly referred to **King Neptune's Park**. It is adjacent to the boardwalk at North End of the beach next to the patio for the **Catch31 Restaurant** at the base of the **Hilton Hotel**.

The King Neptune Statue overlooks the yard and stage area. This is a large stage with a large lawn in front of it. Larger bands and festivals are commonly held here and there is a municipal parking garage right across the street between 30th and 31st Street.
